

# RAZAFINDRAKOTO

## Georges Aimé Mickaël

### DEVELOPER

Graduated with a Bachelor's degree in Computer Science from IT University, specializing in application development, and currently in my first year of a Master's program, I am looking for freelance projects to put into practice and deepen my programming skills. Passionate and motivated, I am ready to collaborate with clients on innovative projects and provide solutions tailored to their needs.

# Professional Project

## BIMIX

Janvier 2025

It is a project for managing domestic mission allowances for the DGBF. The application facilitates the management of travel and mission allowances within Madagascar.

- **Technologies** : Java Spring Boot, React.js , PostgreSQL
- **Options** : Export Excel, import csv , déploiement

## Car Management

Septembre - Decembre 2024

A project to digitalize car management for Madagascar's Ministry of Finance, covering repairs, mission vehicles, owner management, and spare parts stock tracking. Developed with one collaborator, I handled the back-end and served as project manager.

- **Technologies** : Java Spring Boot, React.js , PostgreSQL
- **Options** : Export Excel, import csv , déploiement

## Digitalization of the MAFANA Association

July - October 2024

A project to digitalize the MA.FA.NA association's activities, enhancing data security, streamlining collection, and improving member and grant management. It will also be the subject of my dissertation.

- **Technologies** : Symfony , React js , PostgreSQL , chart js
- **Options** : Export Excel, import CSV

## Race management

30 Aout 2024

A three-day solo project for managing a team running race, displaying rankings at each stage while factoring in penalties and final results.

Trail link: <https://www.facebook.com/share/v/Mydz3X7Nixbw5DJa/>

- **Technologies** : Java JEE, PostgreSQL, Chart.js, AJAX
- **Options** : Export PDF, import CSV

## IS-INFO

Octobre 2024

A project to digitalize IS-INFO Isoraka University's management, streamlining tuition payments and student grade tracking for internal use while serving as a showcase for external visitors. Developed in collaboration with one other person.

- **Technologies** :Java Spring Boot, React.js , PostgreSQL
- **Options** : Export Excel, import csv , déploiement
